मुझे यह जानकर प्रसन्नता है कि रावत पब्लिक स्कूल, प्रताप नगर और भांकरोटा, जयपुर की वार्षिक पत्रिका 'निर्मला' का नवम् संस्करण प्रकाशित किया जा रहा है।

विद्यालय की पत्रिकाएं विद्यार्थियों के लिए न केवल सीखने और अभिव्यक्ति का अवसर प्रदान करती हैं, बल्कि उनमें भाषा-कौशल, रचनात्मकता और टीमवर्क जैसे गुणों का विकास भी करती हैं। ये विद्यालय की गतिविधियों और उपलब्धियों का जीवंत दस्तावेज होने के साथ ही ज्ञान, अनुभव और संवाद का एक सशक्त माध्यम भी होती हैं।

यह सराहनीय है कि 'निर्मला' विद्यार्थियों की विविध प्रतिभाओं को सशक्त मंच प्रदान कर रही है। इसमें प्रकाशित आलेख, कविताएं, चित्र एवं अन्य रचनात्मक प्रस्तुतियां इस बात का प्रमाण हैं कि हमारे विद्यार्थी कल्पनाशीलता, सृजनशीलता और सकारात्मक दृष्टिकोण से परिपूर्ण हैं। मुझे विश्वास है कि यह पत्रिका विद्यार्थियों को अपनी रचनात्मक प्रतिभा को अभिव्यक्त करने के लिए प्रोत्साहित करेगी और उनमें विचारशीलता की भावना को भी सुदृढ़ करेगी।

मैं 'निर्मला' के इस नवीन संस्करण के सफल प्रकाशन के लिए अपनी हार्दिक शुभकामनाएं प्रेषित करता हूं।

### शुभकामना संदेश

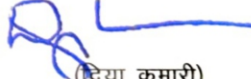

यह हर्ष का विषय है कि रावत पब्लिक स्कूल, जयपुर जो कि शिक्षा के क्षेत्र में अग्रणी विद्यालय है, योग्य शिक्षकों के साथ अध्ययनरत विद्यार्थियों के व्यक्तित्व व शैक्षिक निर्माण में निरन्तर प्रयासरत है विद्यालय द्वारा अपनी वार्षिक पत्रिका "निर्मला " के नवम" संस्करण का प्रकाशन किया जा रहा है इस सुअवसर पर बहुत-बहुत बधाई और शुभकामनाएं।

विद्यालय केवल पढ़ाई का स्थान ही नहीं अपितु जीवन की पहली प्रयोगशाला भी है जहां पर संघर्षों का सामना करना सिखाया जाता है और सपनों को उड़ान देना भी। विद्यालय की घंटी सिर्फ कक्षा शुरू होने का संकेत नहीं देती , यह एक नए भविष्य की शुरुआत का इशारा भी होती है। एक पीढ़ी को शिक्षा देने का अर्थ आने वाली पीढ़ियों के भविष्य में उजाले का संचार करना ही शिक्षा की दिव्यता है।

रावत एजूकेशन ग्रुप द्वारा शिक्षा सहित सामाजिक सरोकारों के कार्य किया जाना प्रशंसनीय है। विद्यालय से शिक्षा प्राप्त करके कई विद्यार्थियों द्वारा संस्थान, परिवार व क्षेत्र का नाम रोशन किया गया है।

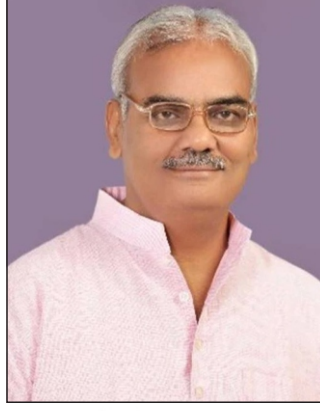

वार्षिक पत्रिका में विभिन्न उपलब्धियों , आवश्यक जानकारियों के साथ विद्यार्थियों के लेख, काव्य, श्रृंखलाएं एवं नवाचार युक्त रचनाएं सम्मिलित किया जाना अन्य विद्यार्थियों में उत्साहवर्धन का माध्यम बनेगा।

आपका यह प्रकाशन अपने उद्देश्यों को प्राप्त करें। वार्षिक स्मारिका "निर्मला" के प्रकाशन पर नवरचनाकारों, संपादक मंडल, प्राचार्य, प्रबंधक मंडल एवं विद्यालय परिवार के सभी सदस्यों को पुनः बधाई और शुभकामनाएं।

## Our Legacy Since 1983

Since 1983, a lot has changed. A seed has now grown into a massive Tree with all the efforts, hard work, determination, honesty, love, and care.

Mr. B.S. Rawat, the founder and chairman of the "Rawat Educational Group", planted this seed in 1983 when he founded Rawat Bal Vidya Niketan with 50 students and 5 teachers. Now, we can state with great pride that we are a family of 12,000 students, as well as more than 1,000 instructors and other staff members spread over Rajasthan and setting the standard for education.

The organization is driven by the Board of Directors; Mr. Hemendra Rawat and Mr. Narendra Singh Rawat, who have risen to prominence in the field of education.

**Dear Readers,**

"Art is the voice of the soul when words fall short."

कला और अभिव्यक्ति मनुष्य के व्यक्तित्व को संवेदनाओं से सींचने का सबसे सुंदर माध्यम हैं। हमारे विद्यार्थी जब अपनी भावनाओं को शब्दों, रंगों और रचनात्मक कार्यों के रूप में प्रस्तुत करते हैं, तो वे न केवल स्वयं को पहचानते हैं, बल्कि अपनी क्षमताओं और सोच की ऊँचाइयों को भी छूते हैं।

“निर्मला” केवल एक पत्रिका नहीं है – यह हमारी सोच, परंपरा, और नई पीढ़ी के उज्ज्वल सपनों का प्रतिबिंब है। इस पत्रिका में हमारे नन्हें रचनाकारों की कल्पनाएँ, भावनाएँ और अभिव्यक्तियाँ सम्मिलित हैं जो दर्शाती हैं कि वे भविष्य के संवेदनशील, सशक्त और सफल नागरिक बनने की दिशा में अग्रसर हैं।

Education and art walk hand in hand – one shapes intellect, the other refines emotions. Together, they make a human being complete. The creativity showcased in *Nirmala* reveals the power of imagination and the depth of understanding our students hold.

My heartfelt blessings go to all the students and teachers who made this edition possible through dedication, teamwork, and vision. Let us continue to create an environment where creativity blossoms, curiosity thrives, and every child reaches the best version of themselves.

## जीवन संस्कारों के साथ

राम—कृष्ण—बुद्ध—महावीर इन देवों की धरा पर जन्म पाकर हम धन्य हुए। वे पूजनीय इसलिए नहीं कि वे केवल महान थे, उन्हें देवत्व इसलिए प्राप्त हुआ क्योंकि उनके विचार और आचरण मानवता के सर्वोच्च संस्कारों से अनुप्राणित थे। मर्यादा, सत्य, करुणा, कर्तव्य, प्रेम, कर्म, विवेक, संयम, आत्मशुद्धि इन मूल्यों को उन्होंने केवल उपदेश में नहीं, अपने जीवन में उतारा। हमारी पीढ़ियों ने उनके जीवन को पढ़ा नहीं, जिया है, वे आज भी हमारे संस्कारों की जड़ों में जीवित हैं— वे जीवन जीने की पद्धति हैं और यही संदेश देते हैं कि महानता पद से नहीं, संस्कारों से जन्म लेती है।

संस्कार कोई लिखित नियम नहीं, कोई औपचारिक पाठ नहीं। वे हमारे शब्दों की कोमलता में, हमारे निर्णयों की ईमानदारी में और हमारे व्यवहार की गरिमा में प्रकट होते हैं। संस्कार हैं— माता—पिता—गुरु व बड़ों के प्रति सम्मान, छोटों के प्रति स्नेह, परिश्रम के प्रति निष्ठा, असहमति में भी सम्मान, असफलता में धैर्य व सफलता में विनम्रता, जीत से पहले ईमानदारी और लक्ष्य से पहले सही रास्ता, राष्ट्र सर्वोपरि की भावना, ये वे गुण हैं जो हर परिस्थिति में मनुष्य को मनुष्य बनाए रखते हैं, जो ये सिखाते हैं जीवन केवल प्रतिस्पर्धा नहीं सहयोग भी है, केवल अधिकार नहीं कर्तव्य भी है, केवल स्वयं के लिए नहीं दूसरों के लिए भी है। ये वे मूल्य हैं जब हम इन्हें अपने जीवन में स्थान देते हैं तो यही मूल्य अगली पीढ़ी की आदत बन जाते हैं।

आज आवश्यकता है जीवन को केवल उपलब्धियों की सूची नहीं, मूल्यों की यात्रा माना जाए। जब जीवन संस्कारों के साथ चलता है, तब ज्ञान उद्देश्य पाता है, शक्ति दिशा पाती है और भविष्य सुरक्षित बनता है। ऐसे ही जीवन से एक सशक्त समाज और समृद्ध—उज्ज्वल राष्ट्र का निर्माण होता है।

यदि इन पंक्तियों को पढ़ते हुए आपका मन कहीं ठहर जाए, कहीं भीतर से स्वीकृति मिले तो संभव है कि यह संवाद सफल हुआ। यही अपेक्षा है कि हम सब अपने—अपने जीवन में संस्कारों के लिए थोड़ा सा स्थान बनाएं, शब्दों से नहीं आचरण से।

## जो नम्रता से जीता है, वहीं जीवन के तूफानों में भी स्थिर रहता है।

नम्रता वह गुण है जो आत्मा को भीतर से मजबूत बनाता है। जब इन्सान विनम्र होता है, तो जीवन के कठिन से कठिन तूफान भी उसे हिला नहीं पाते। नम्रता से मन शांत, संबंध मधुर और आत्मा सदा स्थिर बनी रहती है।

नम्रता हमें विद्या से आती है। विद्या हमें गुरु से प्राप्त होती है। गुरु से विद्या तब ही मिल सकती है, जब हमारी श्रद्धा गुरु के प्रति होगी। अगर हमें विद्या प्राप्त करनी है तो हमें अपने गुरु के प्रति अगाढ़ श्रद्धा होनी चाहिए। इसलिए ही हमारे शास्त्रों में भी लिखा है-

**गुरुर्ब्रह्मा गुरुर्विष्णुः गुरुर्देवो महेश्वरः। गुरुः साक्षात् परब्रह्म तस्मै श्री गुरवे नमः ॥**

यानि गुरु को ही साक्षात् परब्रह्मा बताया गया है।

इसलिए हमें विद्या अर्जन करने हेतु गुरु की आवश्यकता होती है और विद्या प्राप्त व्यक्ति में ही सच्ची विनम्रता आती है, इसलिए कहा भी गया है- “विद्या ददाति विनयं” और जब इन्सान विनम्र होता है तो जीवन के कठिन से कठिन तूफान में भी विचलित नहीं होता।

विनम्रता से पात्रता एवं योग्यता आती है, योग्यता से धन एवं धन से धर्म, धर्म से इन्सान अच्छे काम करता है और अच्छे कर्म से ही हमें जीवन में सुख का अनुभव होता है।

अर्थात् हमें जीवन में सुख, मन को शान्त, संबंधों में मधुरता और अपने आप को कठिन से कठिन परिस्थितियों में स्थिर रखने के लिए विनम्र होना बहुत आवश्यक है।

## Discipline-The way to Success

### What is Discipline?

**Discipline is the practice of controlling one's mind and body according to a specific routine or obey rules that are essential in one's life. It is a particular pattern of behaviour- a way of living. It is not limited to schools or colleges only; it applies equally to our daily routines at home.**

**Discipline means controlling oneself; one's emotions and living in an orderly manner. Everything in the universe follows a certain rules or pattern like sun rises from the east and sets in the west, the seasons, the day is followed by night. in fact without discipline life cannot function smoothly. Discipline teaches us to be systematic in achieving our life goals.**

**Without it our social structure would fall apart. Indiscipline leads to unsocial activities such as violence, misconduct and irresponsible behaviour etc. Self-discipline is most important to achieve complete discipline in life and it also helps to develop better character of the person. The strength of a nation lies in its law abiding and disciplined citizens. This helps us to build up the nation with the proper cooperation and unity. Moreover, the meaning and importance of discipline changes with the different stages of life and priority. Not everyone can be disciplined because it requires a lot of hard work, patience and dedication.**

## "Healthy School With A Healthy Mind"

"A vibrant, enthusiastic mind always learns better. please come together and let's make our schools vibrant places where each and everyone can always feel safe, confident and ready to grow."

**A school is not just a spot to study, it's a holy place where students learn and grow in their life, and makes a nation towards developing countries. The saying "Healthy Mind, Healthy School" means that teachers and students can perform at their best when they feel happy, safe, and supported.**

**A healthy mind always helps students think clearly focus in class, remember lessons and stay interested in learning. When we feel strong, calm and confident, learning becomes enjoyable, but stress, fear and anxiety can make studies difficult and reduce concentration.**

**Hence, it's quite important for us to take utmost care of our mental and physical health.**

**School also play a vital role in students' success. Clean classrooms, fresh air, nutritious meals, sports and amusement activities keep students alert and healthy.**

**A human and user friendly school environment where teachers listen and guide, friends supports one another makes students feel safe, strong and happily come to school every day without being absent.**

**Teachers can further help by encouraging students, listening to their problems, and creating a positive classroom environment. Schools can also teach children about stress management, expressing there emotions, and practicing self care with confidence.**

**conclusively, when our minds and bodies are healthy and our schools are caring, and supportive, students learn better and become grow into responsible citizens.**

**An educated, emotionally strong society builds a strong and developed nation.**

**Pushpa Sharma  
Coordinator  
(Secondary wing)**

# Parenting

**Parenting is one of the most beautiful and meaningful journeys in life. It is not only about raising a child but about shaping a responsible and confident individual. In today's rapidly changing world, children learn more from their parents' behaviour, attitude, and actions than from their words.**

**A child's first school is home. Love, patience, care, and emotional support give children a sense of security and confidence. Small efforts like listening to them, appreciating their work, and spending quality time together create a strong emotional bond. Values such as respect, honesty, kindness, and discipline should be practiced at home, as children naturally follow what they observe.**

**Effective parenting requires a balance between guidance and freedom. Too much strictness can create fear, while too much freedom can lead to confusion. Setting clear rules, explaining reasons, and maintaining open communication help children understand responsibility and right decision-making. When children feel heard and supported, they grow with trust and confidence.**

**Every child is unique and has different talents. Instead of comparing them with others, parents should encourage their individual strengths and interests. In today's digital era, guiding healthy screen habits and promoting real-life relationships is equally important.**

**There is no perfect parent or perfect child. What truly matters is consistency, understanding, patience, and unconditional love. Good parenting builds not only strong families but also a better society.**

## “The Power Of Reading in the Digital Age”

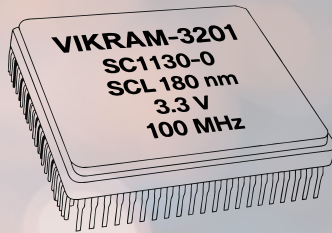

In a world where our phones buzz every few seconds and screens glow from morning to night it may feel as if books have taken a back seat, yet as an English teacher. I am reminded every day of the quiet power that reading holds. Books are not just collections of words, they are windows into different worlds, minds and possibilities.

Reading builds far more than vocabulary. It nurtures empathy, as we step into the shoes of characters whose lives are completely different from our own. It strengthens critical thinking because every story asks us to look deeper and question why things happen the way they do from the noise around us. In the classroom, I notice that students who read regularly are often more confident in expressing themselves, whether in discussions or writing assignments. Their imaginations are sharper, their ideas more original. Even Science and math benefit because reading trains the brain to focus and to see patterns.

This does not mean we must abandon technology far from it. Digital platforms have made reading more accessible than ever. However, we must make informed choices, Instead of scrolling endlessly, we can spend a few minutes every day , with a good book, article or even a well-written poem.

As we move forward in this fast-paced world, let us encourage one another to read, not as a duty but as a source of Joy. After all, every page, we turn as a step towards becoming more thoughtful, compassionate and creative individuals.

## **Vikram-32:**

### **India's First Indigenous Space Grade Semiconductor Chip**

India has achieved a remarkable milestone by developing its first ever semiconductor chip called Vikram-32 created by ISRO in collaboration with the Semiconductor Laboratory of Chandigarh. The significance of this chip lies in the fact that it can work in tough conditions. In space rockets and satellites drastic temperature changes and this indigenous chip can easily overcome such changes.

Before this discovery India relied on other countries. With the creation of Vikram-32, India has taken a major step towards self reliance in space technology.

This achievement will help our nation to design & build advanced chips independently.

The chips will be useful not just in space, but also for defence, automobiles and energy sector.

As India moves forward in chip manufacturing, many skilled engineers will find new opportunities, leading to more high quality jobs in the country.

The Vikram chip shows the world that India is ready to compete and lead in technology. It helps India become stronger and more respected in the global tech industry.

## The Heartbeat of Science

Science is wonder, curious and bright,  
A candle of reason, beacon of light.  
It asks the question others ignore,  
and opens wide the universe's door.

In drops of rain or galaxy spins,  
It reaches of truths where mystery begins.  
From cells that split to black holes vast,  
It studies the future, present and past.  
with every test and bold invention,  
science fuels our great intention.

To learn, to build, to understand,  
and shape tomorrow with hands.  
So here we stand, explores all,  
driven by nature's endless call.

## “The Heart of Every Classroom”

An apple a day keeps the doctor away.

It's time to rephrase, an apple a day, keeps the disease away.

An apple a day, keep the diseases away  
and regular studies everyday keeps the failure away.

Regular study is as important as an apple every day.

We all understand the need for healthy practices such as yoga, meditation, food and nutrition to stay fit. Regular visit to a doctor and check ups are important  
Then why keep doctors away when they can help us develop there healthy habits according to our individual needs.

Now, replace “Doctor” with a “Teacher”.

Regular listening to a teacher and continuous guidance are important.  
Teachers help us to develop these habits of study and discipline according to our own individual need.

A teacher is as important for your mind as a doctor for your body.

## शिक्षक और सड़क

शिक्षक और सड़क दोनों एक समान स्थिर रहते हुए, दूसरों के लिए गतिमान होते हैं।

शिक्षक ज्ञान की राहें दिखाते हैं

विद्यार्थियों को भविष्य का मार्ग बताते हैं।

सड़क भी राह दिखाती है यात्री को उसकी मंजिल तक पहुँचाती है।

दोनों ही महत्वपूर्ण भूमिका अदा करते हैं।

समाज के विकास में योगदान करते हैं।

शिक्षक ज्ञान के प्रकाश से छात्र को सशक्त बनाते हैं।

सड़क यात्री को अपने गंतव्य तक पहुँचाती हैं।

दोनों की महत्ता देश व समाज के लिए जरूरी है।

क्योंकि दोनों ही जीवन के तरीके को आसान बनाते हैं।

इनका योगदान कभी भुलाया नहीं जा सकता,

ये हमेशा साथ रहते हैं

हर पल शिक्षक और सड़क दोनों एक समान

# Education in the Age of *Social Media*

In today's world, social media has become an inseparable part of our daily lives. For students, it can be more than just a platform for chatting or sharing photos—it can be a classroom without walls. By following educational pages, motivational speakers, or skill-based communities, one can learn new languages, explore science concepts, improve communication skills, and even prepare for competitive exams.

Think about how a short tutorial video can explain a difficult maths concept, or how a motivational post can inspire you to work harder. Social media also gives students opportunities to showcase their talents—be it art, music, writing, or public speaking—to a global audience. With the right approach, it can help in building confidence and creativity.

But responsibilities come with opportunities. Spending too much time scrolling aimlessly can waste precious hours. That is why students should practice digital discipline: setting time limits, following useful content, and avoiding distractions.

At Rawat Public School, we use social media to celebrate achievements, share knowledge, and spread positivity. If students learn to use these platforms wisely, they will not only grow academically but also prepare themselves for a future where digital skills are as important as classroom learning.

# प्रातः किरण

सूरज की किरणें आती हैं, सारी कलियाँ खिल जाती हैं,  
अंधकार सब खो जाता है, सब जग सुंदर हो जाता है।

घिड़ियाँ गाती हैं, मिलजुल कर बहते हैं उनके मीठे स्वर,  
ठंडी-ठंडी हवा सुहानी, चलती है जैसे मस्तानी।

ये प्रातः की सुख बेला है, धरती का सुख अलबेला है,  
नई ताजगी नई कहानी, नया जोश पाते हैं प्राणी।

खो देते हैं आलस सारा, और काम लगता है प्यारा,  
सुबह भली लगती उनको, मेहनत प्यारी लगती जिनको।

मेहनत सबसे अच्छा गुण है, आलस बहुत बड़ा दुर्गुण है,  
अगर सुबह भी अलसा जाए, तो क्या जग सुंदर हो पाए।

## When I was a child

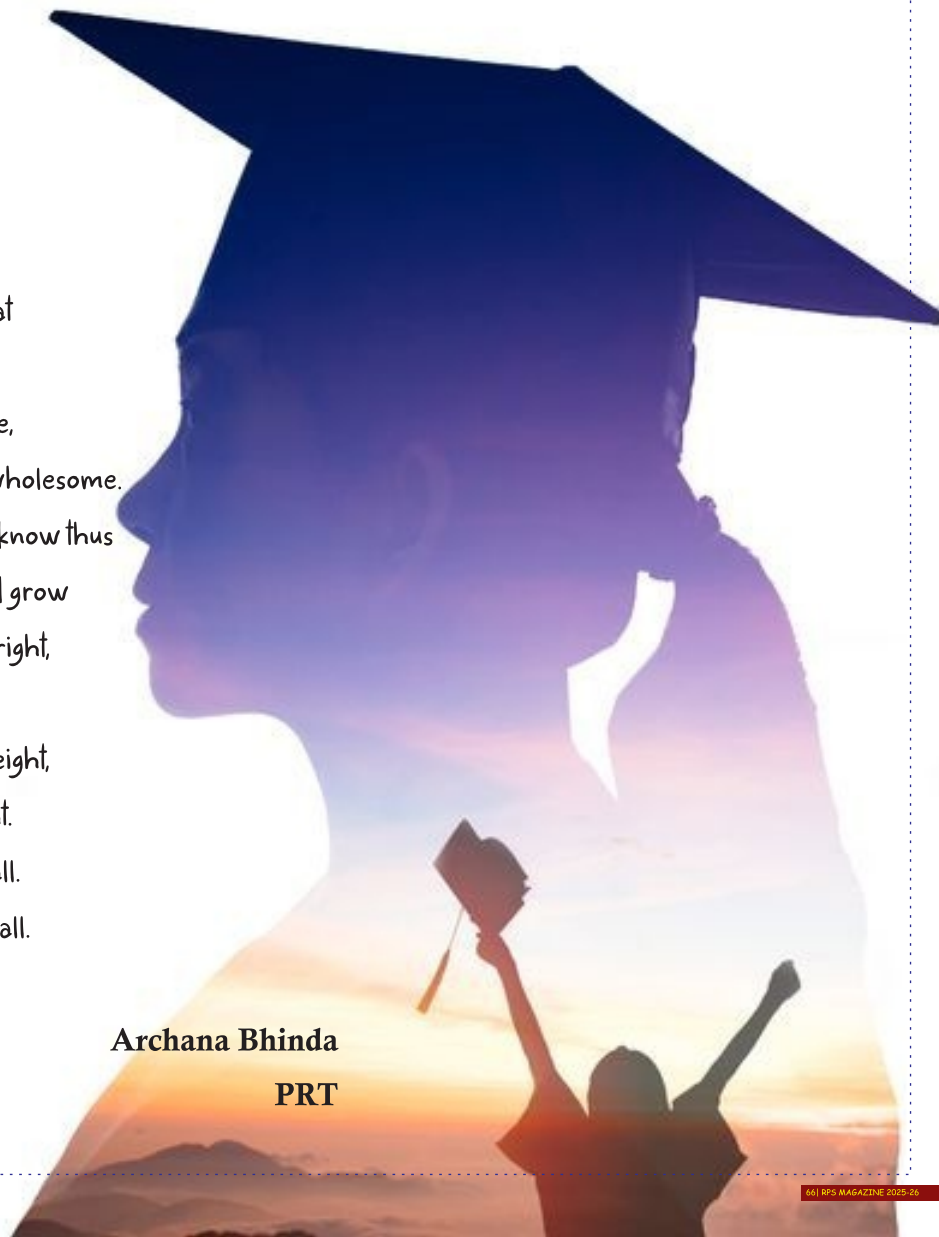

I remember when I was a child, with dreams and hopes,  
imagination and sparkle, brighter days and dreamy nights.  
Stress-free sunsets and hopeful sunrises,  
tiny me, with a gorgeous smile,  
crying over silly fights—living in a world of wonder.  
Through my little eyes,  
I saw magic in everything when I was a child,  
that was the halcyon of my life.

## Empowerment Through Education

Education is empowerment, Education is really great  
It gives us an option to make our fate.  
Educated man can think, face challenges that come,  
He can help others to progress, make his own life wholesome.  
All children should go to school, to read, write and know thus  
They will walk in a path, where they can learn and grow  
Government took a big step by making education a right,  
But to think that law will do it all it not always right.  
Compulsory education will take society to a great height,  
But total literacy is not so easy It is a long way to fight.  
Man, woman, rich and poor, Education is must for all.  
So wake up and go to study, we all should give this call.

## शिक्षा का महत्व

शिक्षा सरोवर का रस पीने वाला है सर्वोत्तम,  
इसको ग्रहण करने वाला बन जाता है उत्तम।  
गुरुजनो की शिक्षा की बात है जिसने मानी,  
इसके रस को पीने वाला बन जाता है ज्ञानी।  
शिक्षा के माध्यम से आज पहुँचे हम चाँद पर,  
इसके जरिये बनाया गया कुशती मैदान सागर पर।  
औषधि, जल, हवा खतरनाक गैसों का बोध कराती,  
स्वस्थ, अच्छा खाना, कसरत करने का पाठ पढ़ाती।  
कभी ख्याब देखते थे हम आसमान में उड़ने का,  
आज ज्ञान से दम रखते हैं हम मंगल ग्रह पर रहने का।  
ये कभी ना खत्म होने वाली है हमारी धरोहर,  
डॉक्टर, इंजीनियर, उद्योगपति ये है इसकी मोहर।  
शिक्षा दृढ़ संकल्प, समर्पण, त्याग करना सिखाती है,  
जीवन में क्या गलत क्या सही का पाठ पढ़ाती है।  
आओ करें संकल्प अपने को ज्ञानी बनायेंगे,  
अपने भारत को सोने की चिड़िया सा चमकायेंगे।

कदम बढ़ा साथी,  
आगे चलना भी है,  
भीड़ से जुदा होकर,  
मंजिल तक पहुँचना भी है।  
वो कहते हैं तू नाकाम है,  
उन्हें गलत साबित करना भी है,  
कब तक बैठेगा खामोश होकर,  
अर्श तक पहुँचना भी है।  
छोटी-छोटी सीढ़ी पर चल  
न सीधा कामयाबी की तलाश कर।  
छोटे-छोटे कांटे हटाकर,  
मंजिल की इस राह पर चल,  
सोच कितना खूबसूरत होगा वह पल,  
जब साथ कामयाबी का होगा,  
हाथ मंजिल का और रास्ता बे-मुराद होगा।

# गणित का संसार

संख्याएँ नाचें, समीकरण गाएँ,  
हर रूप में पैटर्न छा जाएँ।  
संगीत की लय, प्रकृति की शान,  
गणित में छिपा है सारा विज्ञान।  
घड़ी की टिक-टिक, सूरज की चाल,  
गणित समझाए हर एक सवाल।  
ये तेज करे सोच, जगाए प्रकाश।  
खोले ब्रह्मांड के अनगिनत राज।  
ये केवल विषय नहीं, जीवन का गीत,  
खुशियों का पुल, ज्ञान का प्रीत।  
आओ मिलकर इसे अपनाएँ,  
जीवन को गणित से सजाएँ।  
हर उत्तर में छिपा है सुख,  
गणित है ज्ञान का अनमोल रुख।

# Authenticity

Authenticity is the essence of a genuine fulfilling life, It's the courage to be yourself freely and unapologetically and to voice your true thoughts, feelings and values.

We often chase validation from others, but real confidence lies in embracing our uniqueness. Authenticity is not perfection- it's honesty. It means owning our flaws and celebrating our strengths. Living authentically nurtures deeper bonds, meaningful relationship and a strong sense of purpose.

It urges us to live by who we truly are not who the world expects us to be. In a world filled with filters and facades authenticity is a rare and powerful virtue. By being true to ourselves, we give others premises on to do the same and that is the heart of a meaningful life.

## "Save trees, Save Tomorrow: Why Protecting our Green Guardian & Matters".

Trees are some most valuable resources on our planet. They clean the air we breathe, provide shade, support wildlife, and play a major role in maintaining the earth's climate. Yet millions of trees are cut down every year leading to pollution, soil erosion loss of habitats, and rising global temperatures. Saving trees is not just about protecting nature- it's about protecting ourselves. Trees absorb carbon dioxide and release oxygen, helping to reduce the effects of climate change they also provide food, medicine and raw materials making them essential for human survival.

## The Environmental impact of Single use plastics

The pervasive Issue of Single use plastics has become a critical environmental challenge. Items like bag, bottles and packaging, used for mere moments, persist in our environment for hundreds of years, accumulating in landfills and oceans. This pollution harms wildlife, contaminates ecosystems, and introduces micro plastics into our food chain. The shift towards sustainable alternatives, stringent recycling programs, reduced consumption is essential for a healthier planet educational resource on topics like green living and sustainability can be found through various environmental organizations.
